DETAILED ACTION

Allowable Subject Matter

Claims 1-6 and 8-20 are allowed.

Reasons For Allowance

The following is a statement of reasons for the indication of allowable subject matter: The prior art taken alone or in combination neither discloses nor makes obvious the instant process of claims as a whole. Specifically, the prior art of record, Lee et al. (U.S. Patent 6,172,399) disclose a method of forming a SIMS monitor device for determining a doping profile of a semiconductor device structure comprising the steps of: providing a plurality of regularly repeating semiconductor structures (FIG. 1c) including a doping profile form a monitor device including at least one layer of the regularly repeating semiconductor structures (col. 6, line 66 to col. 7, line 42) but fails to teach or suggest the Applicant's steps of planarizing the monitor device through a thickness of the regularly repeating semiconductor structure to reveal a target surface overlaying the doping profile and determining a 2-dimensional doping concentration comprising the doping profile for an individual semiconductor structure comprising the plurality as recited in the currently amended independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
